**Wye Community Farm Health and Safety Policy**

Wye Community Farm seeks to provide a safe and healthy environment for all staff and volunteers and requires their active support in achieving these ends. It is our policy to promote, maintain and provide standards of healthy and safe working practices and environment. All volunteers have the responsibility to co-operate to achieve a healthy and safe work and activity place and to take reasonable care of themselves and others. It is the policy of Wye Community Farm to provide all staff and volunteers with the information, training, instructions and supervision that they need to work safely. All volunteers will:

- Be aware of and learn the fire safety procedure and precautions.
- Be aware of and look out for hazards and notify staff about such things.
- Be aware of the location of first aid boxes and first aiders.
- Report any accidents to the supervisor
- Not attempt any potentially dangerous tasks without the correct equipment or when alone.
- Learn and adhere to the safe lifting best practice.
- We encourage all our volunteers to suggest ways and means of improving standards.
